State Innovation Model

- CMS is testing the ability of state governments to utilize policy and regulatory levers to accelerate health care transformation resulting in improved health, improved care, and lower cost of care through a sustainable model of multi-payer payment and delivery reform

Transformed Health Delivery System

- Performance in quality and cost measures is consistently high;
- Population health measures are integrated into the delivery and payment system; and
- Data is used to drive health system processes and improvement

SIM Focus Areas

SIM Expectations

- Governor-led transformation initiative
- Based on a comprehensive State Health Care Innovation Plan
- Multi-payer commitment to value-based payment
- Provider engagement in health care transformation
- Population health improvement
- Designed to reach the preponderance of care
- Leverage federal resources, national experts and technical assistance contractors
- Ability to produce quantifiable results in improvements in quality, health and cost

CMS Role

- CMS currently supports:
 - **6 Model Test states up to \$45 million over 3 years**
 - Implementing innovative approaches to statewide multipayer payment and service delivery transformation
 - **19 Model Design and Pre-Test states up to \$3 million over 6-12 months**
 - Working on developing State Healthcare Innovation Plans
- Over 70 individuals from CMS and HHS Operating Divisions actively engaged
 - CDC leading population health initiatives
 - ONC supporting HIE/HIT alignment
 - HRSA developing workforce development plans
 - SAMHSA working with states on behavioral health integration
 - ACL providing feedback on long-term care/services and supports
- National experts and organizations engaged
- CMS Leadership Group formed with senior leaders from across CMS to guide work and break down barriers

Model Test States

- Arkansas
- Maine
- Massachusetts
- Minnesota
- Oregon
- Vermont

Model Design/Pre-Test States

- California
- Colorado
- Connecticut
- Delaware
- Hawaii
- Idaho
- Illinois
- Iowa
- Maryland
- Michigan
- New Hampshire
- New York
- Ohio
- Pennsylvania
- Rhode Island
- Tennessee
- Texas
- Utah
- Washington

SIM Model Test transformation activities (1/2)

What is the state doing?

- Engaging primary care providers in patient-centered medical homes
- Bundle payments for acute conditions
- Support providers with data, technical assistance and learning system

-
- Expanding PCMH, ACO's and Health Homes
 - Operate a public-private partnership to accelerate delivery system reform
 - Align PCMH model with behavioral health and long term delivery
 - Providing data/analytics

-
- Align Medicaid and commercial ACOs, episode payments, and PCMH models
 - Expand HIT connectivity among provider organizations and state agencies

What is HHS funding?

- Provider/payer infrastructure and operational support for new care models
- Payment model design (episodes and PCMH)
- Funding for provider engagement
- Program management, governance, and technical support

-
- Initiative support/governance Structure (including personnel)
 - Incentives for HIT adoption for behavioral health providers
 - Quality measurement and advanced data sharing, and enhanced analytics
 - Learning collaborative for providers
-
- Funding for evaluation and advanced analytics
 - Technical assistance to providers
 - Assistance with payment model design
 - Infrastructure and operational support

Arkansas

Maine

Vermont

SIM Model Test transformation activities (2/2)

What is the state doing?

- Broaden Medicaid ACOs to include behavioral health, long-term support services, and social services
- Planning Accountable Communities for Health
- Transformation Center for rural primary care practices

- Expand coordinated care organization model to cover state employees
- Enhancements to the state Transformation Center that will disseminate best practices among CCOs and other health plans
- PCMH initiative

- Expand Primary Care Payment Reform Initiative (MassHealth)
- Data Infrastructure for LTSS
- Establish a statewide patient experiences of care measurement strategy

What is HHS funding?

- Support for data analytics and exchange
- Direct support to providers for transformation
- Design Accountable Communities for Health
- Technical assistance to standardize ACO metrics, payment methodologies

- Design assistance and project management
- Infrastructure support
- Technical assistance to providers
- Advance analytics
- Support staff for Transformation Center

- Design assistance and project management
- Infrastructure support
- Technical assistance to providers

Minnesota

Oregon

Massachusetts

Take away messages

- SIM engaged 25 states in transformation efforts in 2013
- Plans for expansion in 2014
- States have the ability to develop and execute transformation plans
- Leveraging federal resources
- Long journey; this is just beginning
